

# Stian Larsen

Full Stack Developer

## 👤 Profile

Norwegian full-stack enthusiast with 3+ years of experience, recognized for transforming challenges into innovative solutions. Brings fresh perspectives to collaborative teams, pushing the boundaries of technology and design to elevate project quality and efficiency.

## 📁 Employment History

### Full-Stack Developer at SpareBank 1 Utvikling, Oslo

June 2023 — Present

As a Full Stack Developer on the "Oversikt" team, I leverage React and TypeScript for front-end development while also contributing to back-end services, focusing on delivering seamless digital banking experiences. Through agile development, pair programming, and a data-driven approach, we rapidly deploy features and meet quarterly OKRs. This strategy ensures continuous improvement and a dynamic, user-centered development process.

### Full Stack Developer (Freelance) at Exuma, Fredrikstad

August 2022 — March 2023

As the lead developer, I spearheaded the development of a classroom tool, selecting technologies, initiating from Figma designs, and integrating FEIDE authentication, utilizing **React**, **NodeJS** + **Express**, and **MySQL**.

### Front End Developer (freelance) at Exuma, Fredrikstad

January 2022 — March 2022

Assisted in developing the responsive aspect of a Flutter app.

### IT Support at Kremo AS, Rygge

June 2020 — Present

Assists with basic IT tasks such as setting up printers and scanners, and contributes ideas for improving the cloud-based system developed by a third party.

### Sales at Elkjøp, Fredrikstad

March 2022 — March 2023

As a Technology Sales Consultant at Elkjøp Phonehouse, I guided customers through modern electronics, offering expert advice and exceptional service. I kept abreast of tech trends, enhancing my knowledge and passion for technology.

## 🎓 Education

### Bachelor's Degree in Computer Engineering, Høgskolen I Østfold, Halden

August 2020 — June 2023
